MINER RUBBERS
Keep the Feet Dry

THERE are no better boots than Miner's "Monitor" and "Brave", when the roads are deep in mud and slush.

Made on comfortable moccasin lasts they are easy to walk in and they will wear much longer than ordinary rubbers.

We have both of these Miner Rubbers in stock, and will be glad to show them to you.

Armistice Night

Organization of Ladies Serves Wonderful Supper

Looked from whatever angle, the supper served by the ladies of the United Church, on Friday night last, in the Opera House, was a complete success. Luscious chicken' viad with numerous and a varied display of dainties for special commendation, and general opinion around the board was decidedly of this vein. It would been strange had it been otherwise.

This annual fund-raiser, as it now seems to have become, is a feature of community interest, appealing as much to the lonely bachelor as to wives and husbands with well-stocked larders. The children naturally hail it with delight, and greet the event with as much enthusiasm as they do later on the Christmas pudding.

One would have been hopelessly bewildered in attempting to keep track of those who participated in this wonderful repast, the number seemingly almost endless. Appetites, however, eventually were satisfied, and an interval then ensued in which neighbour greeted neighbour, and every facility was offered to those who would exchange views on current topics.

It was not surprising, therefore, that when a program which followed was presented, the artists discovered before them an appreciative and well-contented audience.

Music, vocal and instrumental, with numerous encores interspersed with short addresses, made the evening pass all too swiftly. Every item was applauded most liberally, and special features here and there lent an added interest to the proceedings.

As befitting the occasion, Mayor Chambers' remarks were largely of a patriotic nature, recalling to many of those present the dark days of the war, at the same time he pointed out the example of service and love of duty entailing the supreme sacrifice of those who "sleep in Flanders Fields." Mr. Austin representing Didsbury vets, recounted one or two amusing episodes incidental to his introduction to a field battery, and finally made a strong appeal for aid and for a greater sympathetic interest in behalf of those who returned from "over there" disabled, and in many cases, physically incapable of resuming their former occupation. Mr. Austin's remarks relative to world peace found a ready echo in the hearts of his hearers.

Rev. T. Powell, supt. of missions, in his address entitled "The Ideal Community," furnished food for thought in all. His remarks were acceptable throughout, and the attentive hearing, even from the young folks, was sufficient evidence of the interest aroused in his audience.

The program as carried out was as follows:

Audience O Canada
Piano Solo Miss Dorothy Banton
Short address Mr. Chambers
Vocal solo Mr. Webster
Corset solo Mr. George Schade
Short address Mr. Austin
Male Quartette The Didsbury Male
Trombone solo Mr. Conquest
Address Rev. Mr. Powell
Vocal solo Miss Sangstad
Duet Messrs. Robinson
Violin Solo Mr. Boorman
Comic Quartet The O. P. R. A.
God Save the King

The male quartet consisted of Messrs. Geo. Liesemer, Harold Clemens, J. Boorman and J. Miller.

The comic quartet masquerading under the title of the O. P. R. A., was something entirely new, their efforts being rewarded with a hearty encore. The members comprised Miss Sangstad, Mr. and Mrs. J. R. Miller, and J. Boorman. Mrs. Mertens acted as accompanist.

Rev. Mr. Hayes performed the duties of chairman throughout the program.

The Ladies, Aid of the Evangelical is holding its annual sale of homecooking and fancy work and also a parcel post sale, on Saturday, November 26th in the Opera House. Tea will be served during the afternoon.

CHAPTER XL—Continued

The spirit of Helmi's hard-working, soap-making, dirt-hating grandmothers stirred at the sight before her. Her long, capable hands craved a chance to show what they could do with the travel-stained, tear-wet, much begrimed family before her, mother and all. The mother was at a low ebb—skirt crooked, belt wholly inadequate to cover the connection between skirt and blouse, hair in strands, hair net dragging from one hairpin, shoe-laces untied, stockings sagging; her shoulders drooped, and her voice wobbled.

"Let me have him," said Helmi, reaching out for the five-year-old. "I will wash." The family stopped all its activities; arrow-root biscuits were discarded; the seven-year-old, who was riding the back of a seat shouting "Hide 'em, Cowboy!" paused open-mouthed; Maudie in surprise relinquished the nut-bar, at least as much of it as would leave her hand. "I have a little wash-room of my own. There I will take him please," said Helmi. Charlie went with her without a word while the family looked on in dumb amazement. "Ma, ain't that the limit," whispered Maudie in wonder. "I thought she was a lady."

Charlie came back in due course shining from applications of soap and water. His garters were mended, his hair brushed, his ears pink as coral and shining inside and out. His clothes were straightened and brushed, and he smelled foreignly of toilet water and powder. He held a new five-cent piece in his hand, and his spirit was subdued and serene. The others were taken one by one, renovated and returned.

PAINS ALL OVER BODY

Two More Cases of Feminine Illness Relieved by Lydia E. Pinkham's Vegetable Compound

Barrington, N. B.—"I had terrible feelings, headaches, back and side aches and pains all over my body. I would have to go to bed every month and nothing would do me good. My husband and my father did my work for me as I have two children and we have quite a big place. I read in the paper about Lydia E. Pinkham's Vegetable Compound, and then got a little book about it through the mail, and my husband sent to Eaton's and got me a bottle, and then we got more from the store. I am feeling fine now and do all my work and am able to go out around more. I tell my friends it is Lydia E. Pinkham's Vegetable Compound that makes me feel so well."—Mrs. VICTOR RICHARDSON, Barrington, Nova Scotia.

Dull Pains in Back

St. Thomas, Ont.—"I took four bottles of Lydia E. Pinkham's Vegetable Compound and found great relief from the dull, heavy pains in the small of my back and the weakness from which I suffered for five years after my boy was born. After taking the Vegetable Compound and using Lydia E. Pinkham's Sanative Wash I am feeling better than I have for my past seven years, and advise my friends to take it."—Mrs. F. JOHNSON, 49 Moore Street, St. Thomas, Ont. O.

W. N. B. 1707

Few Instances Recorded

Hypnotism Used Instead Of Anesthetic In Surgical Operation

Hypnotism has been used in place of anesthetic during a major surgical operation at St. Luke's Hospital Chicago. The operation, performed on a young woman, was for the removal of adhesions in the abdomen and was reported a success. She was under hypnotic control more than an hour.

While the case was under the direction of Dr. Alfred P. Solomon, of the Neurological Service, St. Luke's, the surgeon was Dr. Harold O. Jones, also a member of the hospital staff. Dr. Solomon hypnotized the woman. A member of St. Luke's confirmed the report of the operation, but declined to give details, asserting its chief importance was scientific and that reviews would be prepared for medical journals and associations.

Medical authorities said the reported usage of hypnotism in surgery has prevailed for almost 75 years but that instances have been few.

Aluminum, the modern metal, has uses almost without number, a chief one being as a container for good tea, the best of all packages. All Red Rose Tea is now packed in Aluminum and we have so much faith in both the tea and the package that your money will be refunded if you are not completely satisfied.

fully unconscious of the fact that a picture of her was in the evening paper and a short summary of her career as told to an eager young reporter by Mrs. Wynmuth. It said among other things that she was a girl of violent temper who had given much trouble to the Home authorities.

CHAPTER XII

When the train slowed its pace above the Eagle Mines, Helmi looked down on a valley which lay like a shallow saucer, broken jaggedly but fairly down the middle by the river, which ran jade green and foaming to the plains beyond. The rim of the saucer was fluted by short lines of young evergreens running down toward the centre. The mines, three of them, looked like badger-holes of giant size, and were marked by long mounds of slag.

To the west rose the mountains, green at the foot where the forests grew, gravelly and bare above the timber-line, rising still higher into hard gray rock, seamed across like faded carpet, and at the very top an icling of snow which had run down the crevices as if it had been put on too soft by unskilled hands. The two great peaks stood staring at each other across the stream, seeming to dominate the whole landscape; and when the train stopped and the conductor called "Eagle Mines," Helmi could see nothing but the two giants towering high above her.

"I suppose, now, you think those two big gents are right near, don't you?" said the conductor as he carried her valise down on the steps.

Helmi admitted that she did. "Well, don't count on going over there before breakfast, for they're twenty miles away. Walking towards mountains is a thankless business in this country—a person don't seem to be able to get much nearer. In fact, you do well if you can hold your own." Helmi thanked him, and, taking her valise, walked across the narrow platform. Looking up the river she could see far into the mountains, for the river channel is wide and its general direction unbroken.

Around the station buildings were huddled the miners' houses, all of the

same pattern, all of new lumber and unpainted.

The bottom of the saucer, on both sides of the river, is a fertile plain of deep black loam, which in summer is covered with heavy grass and peavine, but with never a cow to eat it, for the miners are not given to domesticity. The company which owns the mines was seized by the desire to root their men in the soil when the first mine was opened, and to this end bought all the land in the saucer, which covers a full township of six miles square, and gave to each man who signed on for a year a tract of twenty-five acres; but so far not much success had come, for the miners when their eight hours were over had little inclination to plant or hoe. Even the mine manager, who could discourse nobly on the subject of giving the worker a stake in the country "to keep him from putting his foot through the plate-glass of civilization," had not laid a spade or hoe on his own twenty-five acres of grass, nor indeed removed the pile of clay which had been excavated for the basement of his house. When a man can earn three hundred dollars a month and has a rent-free house, it hardly seems fitting that he should spend his leisure time manuring young onions or confirming the feeble knees of spindly young cabbages.

The trouble with Eagle Mines was that no one expected to stay. A mine may give out and who knows where the seam may end? There were outcroppings, to be sure, all around the saucer, but there were foldings, and cross faultings, and in some of the seams interbedded shale, which increased the ash and therefore raised the mining cost.

(To Be Continued.)

Asthma Brings Misery, but Dr. J. D. Kellogg's Asthma Remedy will replace the misery with welcome relief. Inhaled as smoke or vapor it reaches the very innermost recesses of the bronchial passages and soothes them. Restriction passes and easy breathing returns. If you know as well how this remedy would help you as do thousands of grateful users, there would be a package in your home tonight. Try it.

Setting Her Right

The new milkman was a rather bashful young man, but he was most anxious to please his clients. An elderly lady appeared at the door of a grand house which he served, and haughtily put the question, "How much is my milk bill?" The young man blushed and stammered: "Beggin' yer pardon, mam, but—me name's Jim."

Jennings Estate, Owner; J. W. Phillipson, Auctioneer.

The Women's Guild of St. Cyprian's Church will hold a sale of work and home-cooking on Saturday, December 3rd at the Opera House. Afternoon tea will also be served.

A Bad Case of Eczema

Are you reading the weekly Canadian letters, telling stories of suffering from skin diseases and how relief was effected? Here is part of a letter from Mrs. E. Gibson, Box 1124, Midland, Ont. Write her if you desire. "I had a very bad case of eczema on my face and neck, also scalp. Could not find anything to give me relief. One small bottle of D. D. D. gave me great relief, so then I secured a large bottle, and I am now without a blemish." The proof of the pudding is in the eating. When a prescription for skin disease has letters of endorsement from nearly every city and town in the Dominion, surely it is enough to convince the most skeptical. Relief from itching torment is immediate. Try one \$1.00 bottle of D. D. D. today on the positive guarantee. Add D. D. D. Soap, too. **D.D.D.** Lotion for Skin Diseases. **H. W. CHAMBERS**

Canadian Buyers Profit by Canada's Export Trade

IN the distant reaches of Britain's far-flung empire you will find General Motors cars, built in Canada by Canadian craftsmen, from Canadian materials.

In five years over 110,000 automobiles have been sent overseas by General Motors of Canada to carry the standard of Canadian quality around the world.

This represents a truly important contribution to Canada's export trade.

It represents millions of dollars to be spent in wages to Canadian workmen, in the purchase of Canadian metals, wood, hides and the countless other materials entering into the manufacture of General Motors cars.

And it represents a greatly augmented production of General Motors of Canada, resulting in lower costs of manufacture, in economies of purchasing, in greater savings of time and labor through greater volume.

Thus, because in India, in Egypt, in Malta, Ceylon or South Africa, someone is buying a General Motors car from Canada, General Motors can offer to you, in Canada, a product of higher quality at a lower price than otherwise possible.

A LONG TIME BETWEEN MEALS

Speaking of hard luck, how would you like to be a poor horsefly out on the concrete road with no chance to get a meal until a horse came by.

Peace is better than joy. Joy is a very uneasy guest, and is always on tip-toe to depart. It tires and wears is out, and yet keeps us ever fearing that the next moment it will be gone. Peace is not so. It comes more quietly, it stays more contentedly and it never exhausts our strength, nor gives us one anxious forecasting thought.

LOCAL AND GENERAL

After a bountiful and well-prepared banquet served at the Rosebud Hotel on Monday evening, a number of the business men of Didsbury gathered around the hospitable board, and under the chairmanship of Geo. H. Liesemer, took part in a discussion comprising a variety of subjects. Roads, fire protection, and matters of interest to the residents generally were all taken up and dealt with, and new light was thrown on various matters. But, as the chairman expressed it, one of the most satisfactory features of gatherings such as this, is the friendly and co-operative feeling, engendered, a re-awakening in municipal matters and a more general desire to participate in public functions.

As a result of this gathering, it is hoped to in future broaden the scope of its activities, and to

the interest and co-operation of country residents in various matters important to all.

The Didsbury Curlers will hold their Annual Whist Drive and Dance on Tuesday, Nov. 29 in the Opera House. Good orchestra in attendance. Card playing commences at 8:30 p.m. sharp. Admission and supper, 75c. Everybody welcome.

The Crusaders' Tuxis Boys held the first meeting of this season for the purpose of re-organizing at J. V. Berscht's store on November 14. The officers were elected as follows: Elmer Evans, Praetor; Melvyn Huget, Deputy Praetor; Howard Evans, Comptor; Frank Remple, Scripitor.

All pupils of the W. I. of the old-fashioned school please be in time for the opening success. If late you will miss the best part of the program. School starts promptly at 2.30. By order of the teacher.

The regular meeting of the Y.W.C.T.U. will be held at the home of Miss Edyth Chambers on Tuesday evening, Nov. 22nd. Topic—"Parliamentary Law," to be given by Miss Jagoe.

Miss Tower, R.N. will give a talk on First Aid Work. Members are urged to be present.

There will be a dance at the Mountain View Community Hall on December 9th. Bellamy orchestra. Everyone invited.

The Didsbury Curlers are holding their annual Whist Drive and Dance on Tuesday, November 29th in the Opera House. Card playing starts at 8.30 sharp with dancing commencing later. Admission 75c.

In connection with the visit of King Hiram Lodge, A.F. & A.M., to Calgary on Monday next, November 21st, will all members kindly notify the secretary as to what train they intend to take.

BURNSIDE

Burnside U.F.A. will hold their next meeting (postponed from Nov. 14th) on Monday evening, November 21st in the Lone Pine Hall. Mr. H. E. G. H. Schofield, vice president of the U.F.A. will be present and address the meeting. Ladies bring sandwiches or cake as lunch will be served after the meeting.

The Lone Pine W. I. met at the home of Mrs. Hugh McLean on Thursday afternoon, November 10. Mrs. Wm. Lyons gave a paper on "Immigration." It was decided to lathe and plaster the interior of the Hall. The next meeting which will be the annual meeting will be held in the Lone Pine Hall on Saturday, December 3rd. Mrs. Joe Clarke will give a paper on Home Economics.

The box social being put on by the Burnside U.F.A. on November 18th has been postponed till Friday evening, December 2nd.

Mr. Charlie Morden, jr., left on Monday to spend the winter term at the Olds Agricultural College.

Captain Page and Mrs. Page are spending the week in Calgary.

Mr. and Mrs. Barney Woods and Jack Nettleton spent Sunday with Mr. and Mrs. Joe Clark.

Mr. Alf. Anderson of Medicine Hat is visiting at Mr. Fred Boulton's.

On Wednesday, November 23rd, the Opera House will display "Nobody's Widow," starring Leatrice Joy in a delightful scandal. Sh-h-h-h! Keep it quiet.

RANTON'S Ltd.

DIDSBURY'S NEW STORE

Real old fashioned Scotch fingering yarns, four ply, in all shades. Extra values \$1.50 per pound.

Fancy Turkish towells in pink, blue and mauve. Price was 95c each. Ranton sells them at 60c each.

FIRE PROTECTION

Now that the ratepayers have disposed of the electric light problem, (at least for a term of years,) the next important question concerns fire protection.

If one's long residence in this western in this western country has proved anything, it has at least brought home to him the advisability of providing some means for fighting.

Outside of its chemical, Didsbury at present lacks the wherewithal to adequately defend its property, and whilst this deficiency has often been discussed yet nothing so far has even been attempted. The Town Council, faced with the matter of solving numerous problems with an insufficient revenue, has failed to receive the Mgral support from the ratepayers it should have had, and without this it was reluctant apparently to commit itself to any great extent in other directions.

What's the answer? Obviously, the ratepayers of the town must exercise themselves more diligently in municipal matters, and try and co-operative with the Town Council in all matters pertaining to the welfare of the town.

And fire protection, perhaps, is the next important of them all.

On Saturday, November 19th, the Opera House is showing Wallace Beery and Raymond Hatton in "Fire men save a child." These are the same artists who played so well in "We're in the Navy now," "Behind the front," etc.

Lost

A big beaver fur. Finder please return to phone 57 or the Pioneer office.

We wish to make protest for the lack of serviceable approach to the Stock Yard since the Town has graded the street. The past week the Farmers delivering Live Stock have had to put up with long delays in delivering to the yard, as the north gate is the only one which can be used satisfactorily. Farmers who live within a reasonable distance of Olds or Carstairs

will certainly use the Pool Shippers at those points, rather than come to Didsbury under the present conditions. The Pool and the Producers are equally served at Olds or Carstairs so that Didsbury will be the loser if some improvement is not made.

Didsbury Co-operative Livestock Marketing Association, Ltd.

Union Gas is now sold in Didsbury at Adshead's Garage and W. A. Teskey's Garage

This is straight run gas from the California oil fields. NOT blended gas such as is generally sold.

30c.aGallon.

Over 30 years the same good tea.
Now packed in **Aluminum.**

RED ROSE TEA "is good tea"

RED ROSE ORANGE PEKOE is **extra good.**

Manufacturing In The West

The general impression of the prairie provinces of Canada held throughout the Eastern provinces and in other countries is that they are almost purely agricultural, and that manufacturing is practically negligible and, where carried on, is on a small scale and local in character. No doubt many Western people if asked for information on the subject would express much the same opinion. Nor would such a view have been very wide of the mark a comparatively few years ago.

Within recent years, however, a marked change has taken place, and manufacturing along many lines is now an important feature of Western activity. Not only is this the case but development along industrial lines is proceeding at a pace which is a surprise to people who take the trouble to investigate. The extent and rapidity of this growth is only realized when actual official statistics are studied and comparisons made from year to year.

The gathering and compilation of statistics of this kind is slow and laborious work, and considerable time must of necessity elapse before all returns from many industries are obtained and classified. Latest available figures, therefore, are always for a period of one or two years back. Recently the Dominion Bureau of Statistics issued a report on the manufacturing industries of the prairie provinces for the calendar year 1925, comparing them with the figures for 1924. The growth indicated in this twelve month period is quite remarkable and most encouraging.

For the year 1925 the number of manufacturing industries reporting was practically the same as for 1924, but the gratifying fact is disclosed that these industries substantially increased their capital, employed many more workers, largely increased their wage bills, utilized larger quantities of materials, produced many more millions of dollars worth of goods of all kinds, and operated on a much more profitable basis.

Capital invested in manufacturing industries in Manitoba, Saskatchewan and Alberta increased by \$14,000,000 during 1925, and at the end of that year amounted to \$221,775,000.

The number of employees increased by over 6,000 during the year with the result that no less than 27,178 people are now engaged in some form of manufacturing industry on the prairies. To these 27,178 people salaries and wages were paid aggregating \$42,827,000, or nearly eight million dollars more than in the preceding year.

Materials used by the several industries during 1925 had a value of \$141,892,000, or an increase of over \$21,500,000 over the preceding year.

Through the application of labor and the use of these materials, goods having a gross value of \$239,352,000 were produced, or an increase of \$35,541,600 over 1924. In other words, the prairie provinces in 1925 turned out on the average twenty million dollars worth of manufactured goods per month, or three million dollars per month more than in the preceding year. The net value of 1925 production was \$97,459,000, or \$14,000,000 greater than in 1924.

Analysing these figures to some extent, it will be seen that manufacturing industry in the west, after paying \$21,500,000 more for materials, and \$8,000,000 more in salaries and wages, increased the net value of production in the one year by an amount equal to the total increase in the amount of capital invested. Certainly a most encouraging showing.

Those who are familiar with western conditions, and the decided improvement which has taken place within the last two years, know that the growth in western industry disclosed by these figures between 1924 and 1925 has been further accelerated between 1925 and 1927. Recent water power and other developments in all three prairie provinces, and the decided increase in interest both at home and abroad, in the natural resources of the West, give confidence that in a few years more the industrial activities of the prairies will be a factor of importance in the economic life of the whole Dominion.

Cut In Canada's Debt

Has Been Reduced \$78,500,000 In Seven Months Ending October 31

Canada's net debt dropped \$78,500,000 during the seven months of the fiscal year ending October 31. In the same period, when compared with the corresponding seven months of last year, total revenues of the Dominion increased nearly 20 millions.

Of the twenty millions, ten were in greater revenue from taxes.

Customs duties are up eight millions; income taxes, six millions; revenue from excise duties is up five millions, but revenue from excise taxes (sales, stamps, etc.) is down nine millions.

All advertising in Constantinople except that in daily and weekly newspapers, has been taken over by the city, which will control it hereafter.

Pictures composed of small pieces of wall paper are a new fad in Europe.

Machine Could Be

Adapted To Cookery

Bakes Potato In Sixty Seconds and Cooks Steak In Thirty

Experiments are being made in London with a view to applying to rapid cookery the principle of the new diathermic electrical apparatus which is now used only medically for the treatment of pneumonia, rheumatism, arthritis and other rheumatic ailments.

It is claimed that recent tests show that the apparatus could bake a potato in 60 seconds, roast a steak in 20 seconds and fry an egg in two seconds.

The apparatus is considered especially adaptable to cookery because it introduces an intense internal heat.

First Rural Citizen: "Ain't ya ever goin' to take the trip t' New York, Si?"

Second Ditto: "Nope, I borrowed \$5 of a fellow once and he moved there."

May Broadcast Storm

Warnings From Greenland

Messages Could Be Sent To Ships Two Days In Advance

From the summits of "Greenland's icy mountains," weather prophets soon may be able to broadcast to the world warning of coming storms which work havoc in the Atlantic ocean lanes and the temperate zones generally. This is the hope of Prof. William H. Hobbs, head of the University of Michigan scientific expedition who started for home aboard the Levlathan today after ten weeks studying the northern storms at the place of their beginning over the great ice gap of interior Greenland.

The expedition spent the summer at Kangdenugssadaktford, within the Arctic circle.

"It is probably the longest fjord in the world and affords wonderful scenery on a majestic scale which has been seen by few white men," said Professor Hobbs.

The Hobbs expedition established three observation stations 100 miles apart, one of them being on the summit of Mount Evans. From the observations made at these stations it is planned to radio forecasts of coming storms over the north Atlantic 48 hours in advance of the storm arrival over the ocean lanes.

Selected members of the University of Michigan's expedition will winter in Greenland and will send out observation balloons with small lanterns for meteorological study. Two members of the party will spend the winter in a snow cave on the island ice for the purpose of making observations. Stakes have been placed and measurements taken for the study of glacier movements.

Dr. Williams' Pink Pills Have

No Equal For This Purpose

Anaemia, or lack of good blood causes not only pale faces and white lips; it is the root of many pains and miseries. It is the cause of shattered nerves, headaches and backaches, and the always tired feeling from which so many women and girls suffer. To regain new health and strength the blood should be enriched through the tonic treatment with Dr. Williams' Pink Pills. This medicine has brought new health and strength to thousands of weak despondent people.

Among those who have found new health through the use of this medicine is Mrs. Gregory J. Murphy, East Ship Harbor, N.S., who says:—"I bless the day I heard of Dr. Williams' Pink Pills. Before I began their use I was in a rundown and very weak condition. The least exertion would leave me breathless and tired out. Housework was a trial, and at times I felt very despondent. A friend advised me to try Dr. Williams' Pink Pills and I got six boxes. I had not been taking the pills very long until I began to improve in health, and continuing their use they restored me to my former good health. I also gave the pills to my daughter, who was anaemic and run-down, with the same good results. Now I always have the pills in the house, and would not like to be without them."

Get a box of Dr. Williams' Pink Pills from your druggist today, or send 50 cents to The Dr. Williams Medicine Co., Brockville, Ont., and a box will be sent you post paid. A little book, "Building Up the Blood," which explains the treatment, will be sent free on request.

Have Abolished Death Penalty

The German province of Hesse has abolished the death penalty. Henceforth, when a Federal Court sentences any defendant in Hesse to death, the provincial minister of justice must commute the penalty to life imprisonment.

To safeguard the child from damage that worms cause, use Miller's Worm Powders, the medicine par excellence for children. These powders will clear the system entirely of worms, will regulate and stimulate the organs infamously affected by the worms, and will encourage healthful operation of the digestive processes. As a vermifuge it can be relied on for its effectiveness.

A new type of camera, with plates sensitive to light rays invisible to the human eye, can take pictures through cloud or fog.

The cannibal tree of Australia, like a giant pineapple in appearance, is credited with power to entrap and crush anyone touching its leaves.

Minard's Liniment for Neuritis.

W. N. U. 1707

To break a cold harmlessly and in a hurry try an Aspirin tablet. And for headache. The action of Aspirin is very efficient, too, in cases of neuralgia, neuritis, even rheumatism and lumbago! And there's no after effect; doctors give Aspirin to children—often infants. Whenever there's pain, think of Aspirin. The genuine Aspirin has Bayer on the box and on every tablet. All druggists, with proven directions.

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark (registered in Canada) indicating Bayer Manufacture. While it is well known that Aspirin means Bayer manufacture, to assure the public against imitation, the Tablets will be stamped with their "Bayer Cross" trademark.

Declaring War On Narcotics

Working Fund Of Five Million Dollars Urged At Conference

Formation of a world narcotic defence association with a working fund of five million dollars, was urged at the first session of the conference of committees of the World Conference on Narcotic Education and the International Narcotic Educational Association at New York.

The association would be non-profit making and would have the power to utilize "all honorable means" to attain the mobilization of the resources and vitality of society everywhere against narcotic drug addiction and to acquire and maintain immunity from this universal race menace.

Two million dollars of the five million to be sought, Captain Hobson explained, would be used in hospital work; another two millions used in educational work, while the remaining million would be set aside for law activity.

"Rastus, your dog seems to be in pain."

"No, such—he ain't in pain; he's just lazy."

"But he must be suffering or he wouldn't howl like that."

"Jes' plumb lazy; jes' laziness; he's settin' on a thistle."

Useful in Camp.—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Electric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion, or sprain be sustained, nothing could be better as a dressing or lotion.

Record Of Stunt Airman

Flying upside down from Cologne to Bonn, a distance of twenty miles, in a biplane, is the record of Herr Fleischer, the German "stunt" airman. He was escorted all the way by a pilot in a second 'plane.

To Control Canadian Thistle

Possibly one of the easiest and surest methods of controlling Canada thistle is to put the land where possible into alfalfa. The frequent cutting of alfalfa and thistle tops over a period of years will starve the thistle root and result in complete eradication of this very undesirable perennial weed.

Short of Breath Dizzy, Sinking Spells COULDN'T WALK FAR

Mrs. L. A. Oliver, Granville Ferry, N.S., writes:—"A few years ago I had dizzy, sinking spells so bad I could hardly stand up without taking hold of something to support me, and I could not walk any distance on account of being so short of breath. "I had taken a lot of doctor's medicine, but it did me no good, only for the time being, so reading in the B.N.D. almanac about

I decided to try them and found them to be just what they are recommended to be, and I feel that I owe my life to them."

Price 50c. a box at all druggists and dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Increase In Air Mail

Colonel Chas. A. Lindbergh's flight to Paris last May so stimulated public confidence in aviation that since then the United States air mail poundage has increased over fifty per cent. William P. McCracken, assistant secretary of commerce for aviation, says

For all pains—Minard's Liniment.

Women are a puzzle problem. The men can't get along with them, or without them; and yet are not content to leave them alone.

Cuticura Promotes Permanent Hair Health

Shampoos with Cuticura Soap, with light applications of Cuticura Ointment when necessary, tend to free the scalp of dandruff and minor blemishes, and to establish a permanent condition of hair health.

Sample Each Free by Mail. Address Canadian Depot: "Stenhouse, Ltd., Montreal." Price, Soap 25c. Ointment 25c. and 50c. Cuticura Shaving Stick 25c.

Sold in generous size bottles by all dealers. The J. L. Mathieu Co., Props., Sherbrooke, P.Q. Makers also of Mathieu's Nerve Powders & Tablets for Headaches, Neuralgia & Perverish Colds.

TO STRENGTHEN LIQUOR LAWS OF PROVINCES

Ottawa.—Very important intimations, bearing upon the question of the import and export of liquor, were made during the progress of the discussion on the question at a sitting of the Dominion-Provincial Conference.

The provinces were unanimous in their request for control of the importation of liquor, both where there are liquor control boards and also where there is legal prohibition. Likewise, there was unanimity in demands for a curbing of the operation of liquor export houses.

The announcement, which came from the Federal Government representatives, was that the bill, confining to the provinces the right to import liquor, will be reintroduced. Twice already this has been killed by the Senate.

As regards export houses, the undertaking is given that, where any province so desires, customs bonding privileges will be denied such establishments. Any such policy, if adopted on provincial initiative will put a very large crimp in the operation of export houses to which are attributed many of the abuses which have arisen in the liquor traffic.

Another proposal of the provinces was for the reduction in the excise duties on liquor. The Minister of Finance declared that the demand for increased subsidies was not quite in consonance with the demand for lower excise duties, but stated that the Government was willing to listen to reason.

There was discussion on judges and a majority of the speakers favored higher salaries and uniformity in retirement of judges but little attention was paid to the question of age, it being pointed out that some of the oldest judges were the most efficient.

Allowed Wave Bands

For Directing Aircraft

Canada's Right To Exclusive Bands Recognized By Radio Conference

Washington.—Canada's right to exclusive wave bands for the direction of aircraft in the Dominion, has been recognized by the International Radio Conference, and a wide band, sufficient to take care of extensive development of commercial flying in Canada has been set aside for the sole use of Canada.

When the question of communication between aircraft and ground stations was under discussion in committee, the Canadian delegates brought up the necessity for the recognition of the needs of aircraft in the Dominion. It was pointed out that in practical application of aircraft to forest protection, survey work and similar useful purposes, Canada led the world. The necessity for a clear band through which aircraft could communicate regularly with ground stations, was recognized as it had been previously recognized in Europe.

"With the additional facilities," a Canadian delegate told the Canadian Press today, "it will be possible to provide not only for the very extensive forest protection operations in the various provinces, but also for all kinds of commercial aircraft enterprises."

Mountie Is Promoted

Ottawa.—Staff Sergeant A. H. Roy, renowned Arctic traveller of the Canadian Mounted Police force, has been promoted to the rank of inspector, according to an announcement made here. While in charge of a detachment at Pond's Inlet, he conducted the preliminary proceedings in the celebrated Jones case, in which British law was enforced in the Arctic.

Desires To Abandon Flight

Berlin.—The Foreign Office has been advised by the German consul-general at Calcutta, India, that Otto Koennicke, who set out to fly to the U.S. by way of the Orient, is ill and penniless and desires to abandon his plane and return home. The Foreign Office understands this marks the end of the ill-fated attempt.

W. N. U. 1707

Niagara Post Office Damaged By Fire

Building Practically Wrecked By Explosion In Furnaces

Niagara Falls, Ont.—Damage amounting to about \$40,000 was caused and a woman and her child rescued with difficulty when fire practically wrecked the post office building here. Twenty postal clerks and mail carriers escaped from the building but returned and managed to remove the mail to safety. Mrs. Gerrie, wife of the caretaker, and her infant child, were taken from the smoke filled building by firemen.

An explosion, believed to have occurred in the furnaces and blowing out all the windows and doing damage to nearby buildings, started the fire.

The force of the blast broke windows in buildings nearby and one man was hurled through a doorway into the street but was not injured.

Dense clouds of smoke that filled the building prevented firemen from entering.

Is Minister Of Railways

Geo. Spence, Maple Creek, Accepts Portfolio In Saskatchewan Government

Regina.—Appointment of George Spence, member of the House of Commons for Maple Creek, as minister of railways in the Saskatchewan government was announced by Hon. S. J. Latta, acting premier.

A reorganization of the Saskatchewan government, in which the portfolios held by all the ministers, except those of Hon. Dr. J. M. Ulrich, minister of public health; Hon. C. M. Hamilton, minister of agriculture, and George Spence, minister of railways, will be affected, is foreshadowed.

"It is considered important that George Spence, who has always shown a marked interest in and aptitude for railway development in the newer districts of the province, should be given an opportunity to serve in this department," said Mr. Latta in making the announcement.

Says Debt Reduction Essential For Canada

In Order To Retain Position In World Markets Declares Robb

Ottawa.—"It was essential for Canada to reduce her debt to maintain her position in the markets of the world," Hon. J. A. Robb told the provincial premiers conference here following the submission for increased subsidies. The minister of finance emphasized the tremendous obligation growing out of the war and the maturities which the Dominion was compelled to meet from time to time.

Hon. Mr. Robb promised nothing beyond what parliament would see fit to do in the matter of increased subsidies.

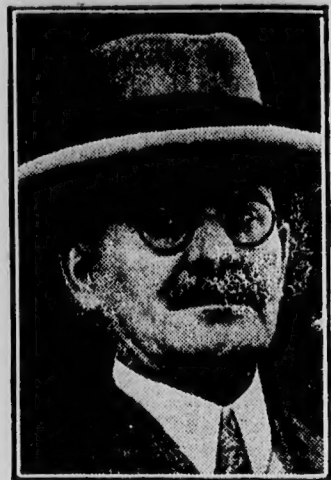

May Bar Further Excavation

Cairo.—Germans may be refused further permission to make excavations here in view of the dispute over the bust of Queen Neferititi, which the Berlin Museum insists on holding. The Egyptian antiquities department demands that it be returned to Egypt.

Airships being constructed in England are expected to carry passengers to Canada or Egypt in two and one-half days, to South Africa in six and one-half days, and to Australia in twelve and one-half days.

In all France there are less than 12,000,000 families.

Was Lone Representative

Dr. W. A. Shauls, of Winnipeg, president of the International Association of Dairy and Milk Inspectors, was the only Canadian present when the Association met in Toronto, Ont. A resolution of regret at Canadians remaining aloof was passed.

Receives Application For Steamship Service

Federal Government Gets Offer On Line To Fort Churchill

Winnipeg.—The following special despatch from Ottawa is given prominence by a Winnipeg paper.

"The Federal Government has been invited to enter into an agreement with a steamship company with offices in Great Britain and Montreal whereby the company will put on a regular steamship service from Fort Churchill to England and the continent in return for a concession of crown lands in the Fort Churchill area.

"Rumors of this application had been current in the capital for several days and confirmation was obtained from Hon. W. R. Motherwell.

"The company is the Gaspe Steamship Company, Ltd., of London, Eng., and Montreal."

Would Make Ocean Flight

Crippled Aviator Is Fearless and Competent Pilot

Wheeling, W. Va.—Wheeling, the city that sent Ruth Elder forth in an attempt to conquer the Atlantic ocean by air, now has another aspirant for trans-Atlantic honors—an aviator with no legs and but one arm. The crippled birdman is Morris R. Daugherty, 35, of New Martinsville, near here. He has been flying for a year and is known as a fearless and competent pilot. Now he is ready to attempt an ocean flight.

League Session In December

Geneva.—The quarterly session of the League of Nations Council has been officially convoked for December 5. One of the most important questions to come up is the appeal of Lithuania against Poland, alleging the mistreatment and arrest of clergy in the Vilna District and the removal of the schooling rights of Lithuanian children, which is declared to be threatening peaceful relations between the two countries.

U.S. Shy On Half Dollars

Washington.—Nearly 600,000 50-cent pieces were coined last month in the mints at Philadelphia, Denver and San Francisco, and the demand is still running ahead of the supply. Officials have been unable to account for the sudden demand, except that no half-dollars were made from 1924 to 1926.

Canadian Airmen

Dive Into River

Fliers Deceived By Reflection Of Lead Sky On Water

Fredericton, N.B.—Deceived by the reflection of a leaden sky on the smooth surface of the St. John River, a Canadian air craft dove straight into the river here. In the plane were Flight Lieutenant C. N. Harrop, pilot of the machine; Corporal Winship, mechanic, and C. Donnelly, photographer. All are from Dartmouth, N.S., air station.

Canoes, rowboats and power craft dashed from both banks of the river as soon as the crash occurred as the plane had circled several times before planing for the surface of the river. The three aviators were all clinging to the wreck, the plane having broken up after striking the water.

The airmen were cut about the face and much bruised and suffering from shock and exposure.

Want 10,000 Horses

Russia Ready To Place Big Order For Canadian Hags Next Year

Quebec.—Transportation of 10,000 Canadian light draught horses from Quebec to Leningrad, Russia, is the goal that has been set by the Soviet Government for the 1928 season of navigation. It was learned here. With the departure from Quebec about November 16 of the Russian steamer Dekabrist with 850 horses, a total of 3,000 of the animals will have been shipped through this port this year, and in order to carry the considerably larger figure aimed at for next season, the Soviet Government will charter another steamer in addition to the Dominion.

Federal By-Election

Polling Day At Maple Creek Constituency Fixed For Dec. 9

Ottawa.—A federal by-election is impending in the constituency of Maple Creek, Sask., consequent upon the resignation of George Spence, Liberal M.P., who has become Minister of Railways in the Saskatchewan Government.

Writs for the election fix November 25 as nomination day and December 9 as polling day.

This is the first by-election since the Conservative Party's convention in Winnipeg and the choice of Hon. R. B. Bennett, K.C., as leader.

Winter Air Mail Proposed

Would Serve Remote Posts Which Are Practically Isolated

Ottawa.—A representative of the Canadian Transcontinental Airways Limited, is in Ottawa to confer with the officials of the Canadian Air Board in the matter of transporting mail to Seven Islands, Anticosti, and the Magdalen Islands during the closed winter season of navigation. The contract for this new service has already been awarded.

Hitherto these remote posts have been practically isolated, delivery of mails being entirely dependent on dog teams during the winter.

Big Ranch Deal

Calgary.—One of the largest deals in the history of Alberta ranch property—involving more than \$750,000—was put through here, when the George Lane Company sanctioned the sale of the Bar U and Willow Creek ranches together with all livestock and equipment to the P. Burns Company.

BALDWIN IS QUITE OPTIMISTIC ABOUT EUROPE

London.—Fulfilling the traditional role of principal speaker at the Guildhall, where once a year the big business men of the ancient city of London get a review of governmental affairs straight from Downing Street, Premier Stanley Baldwin declared himself an optimist about Europe, because he is a realist.

"Great Britain, France, Germany and Italy, protagonists in the struggles of the day," he said, "now meet as equals and partners to advance the cause of peace, and they look forward to the convalescence of our common civilization."

Mr. Baldwin paid graceful tribute to Aristide Briand, the French Foreign Minister, and Gustav Stresemann, the German Foreign Minister, as far-seeing leaders who rendered a rapprochement possible.

"All Europe honors them and renders them tribute," he added. "All Europe asks where next will a statesman be found with the courage of Stresemann, the broad humanity of Briand, what country in the Balkans, in Central or Eastern Europe, will first follow their example and earn like fame."

The Prime Minister wished he could speak equally hopefully about Russia. There were circumstances which led Great Britain to cease diplomatic relations with Russia, he said. There were similar circumstances which prevented the United States from ever admitting of such relations.

"Whenever the Russians are prepared to observe the ordinary decencies of international intercourse and abstain from interference in our domestic affairs and from a policy of intrigue and hostility," he continued, "they shall find us ready to meet them in the spirit of liberality and good will which inspires our whole foreign policy."

Would Eschew Politics

United Farmers Of Ontario Will Discuss Resolution On This Question

Toronto.—A resolution calling for the abolition of the political committee and the elimination from the official statement of aims of the organization of all reference to political activity will be placed before the United Farmers of Ontario when they meet in their annual convention in this city December 7 and 8. The resolution if passed would remove the last hint of a political complexion from the organization.

The same resolution asks the association to condemn the use of the title U.F.O. by any members of the provincial or Dominion Parliaments, or any candidates for either House.

A resolution asks that a study of co-operative marketing be placed on the curriculum of rural schools.

Making Effort To Have Sentence Changed

Counsel In Nelson Case Appealing To Department Of Justice

Winnipeg.—Counsel for Earle Nelson, found guilty of the murder of Mrs. Emily Patterson, are preparing to make representations to the Department of Justice for the remission of the death sentence, Nelson was sentenced to be hanged January 13.

The plea of insanity which the defence offered at the trial will be the basis for the representations to be made to the executive authorities. The evidence given by defence witnesses, together with records from Napa State Asylum, California, will be forwarded to Ottawa.

They will be supplemented by X-ray plates photographs of Nelson's head. The plates were ordered chiefly for investigative purposes and were not offered in evidence at Nelson's trial.

Are Seeking Settlement

Toronto.—T. G. Clarkson, who is one of the liquidators of the Home Bank of Canada, has confirmed that discussions are now going on with a view to settlement of the five million dollar suit brought by the liquidators against the directors of the defunct institution.

Canadian Guard at Washington Unveiling

The Canadian Guard of honor at the unveiling in Washington of the Canadian monument to Americans who fell while serving in Canadian units, which was dedicated on Armistice day, was drawn from the famous Royal 22nd Regiment of Quebec City. They are shown photographed at the Canadian Pacific station in Montreal enroute to Toronto recently before joining other Canadian units and proceeding to Washington. The "Cross of Sacrifice" was erected in the Arlington National Cemetery by the Canadian Government. The unveiling ceremonies were of an international nature, troops and dignitaries from Canada and the United States taking part, the monument being unveiled by the Hon. Vincent Massey, Canadian Ambassador at Washington.

Church Announcements

KNOX and WESTCOTT

The first of three series on "How we
got our Bible" will be given at Knox
Church, Didsbury, on Sunday, Novem-
ber 20th. This will be illustrated by
lantern views. Do not miss the first of
the studies.

Lone Pine, 3 p.m. Church Services.
2 p.m. Sunday School. An attempt will
be made to get the Sunday underway
and plan for the Christmas entertain-
ment. Be there this Sunday, Nov. 20.

Community Hall. The weather man
has promised to pull the joy-stick for
next Monday. Those in the vicinity of
Didsbury, and Lone Pine Hall should
slacken off with meals and attend the
Chicken Supper and Concert at Com-
munity Hall, November 22 postponed
from November 16 on account of cold.

EVANGELICAL NOTES.

Rev. D. H. Marr, Calgary will visit
Didsbury on Wednesday evening, Nov-
ember 23rd in the interests of the Brit-
ish and Foreign Bible Society. A union
meeting of all churches interested is
being planned and will be in the Evan-
gelical Church.

Our Superintendent of Missions, Rev.
W. W. Krueger, P.E., will us for the
week-end of November 25-27 and will
conduct the quarterly meetings at that
time.

If weather and roads are favourable a
lantern lecture will be given at Westcott
Evangelical Church next Sunday even-
ing at 7.45 o'clock. Sixty beautifully
colored slides will be shown on the
"Parables of our Lord." Come and
bring the children too.

Recent word from Bishop J. S. Stann-
of Kansas City brought the good news
that he is planning a special north-west
Canada Conference tour for the near
future and he will visit every local con-
gregation in the Conference. This is
a new move and will be much appreci-
ated by the general public especially those
who have said heretofore that "we don't
know what a bishop looks like."

A mass meeting under the auspices of
the Bible Society will be held in the
Evangelical Church on Wednesday, Nov.
23rd at 8 p.m. This is the night all
churches combine to make the evening a
success. Special program, and a lecture
entitled "Gridding the Globe," illustrated
by 60 beautiful lantern slides. Rev. H.
D. Marr, B.A., of Calgary, will speak.
Remember the big night of last year.

ST. CYPRIAN'S

Here and There

What is considered the largest
grizzly shot in the Canadian Rockies
this season was taken by Miss A.
Van Vleck, daughter of Ernest Van
Vleck, prominent New York archi-
tect who headed a hunting party
into the Selkirk district. The party
went in north of Revelstoke.

An amount of grain greatly in
excess of the entire production of
western Canada in the year 1887,
4,454,000 bushels, were hauled to
elevators over Canadian Pacific lines
in one day in the west during the
middle of October. This constitu-
ted a record haul of grain for this
railway company.

The second shipment of horses
from Canada to Russia was a re-
cord shipment, according to Louis
Kon, Soviet representative, there
being only one horse that died dur-
ing the passage. The next ship-
ment is expected to go forward in
November, and this will bring the
total number up to 3,300.

G. N. Torgren, ex-M.P. for Sweden,
recently left for the Peace River
Country in order to locate suitable
farm land for the establishing of a
large colony of Swedish farmers,
who are said to be in a position to
undertake farming on an extensive
scale. He has already canvassed
Mexico and the Southwestern States,
which he finds unsuitable.

The Canadian Pacific Railway is
again offering a prize of \$100 to the
Canadian showing the best spring
wheat at the International Hay and
Grain Show in Chicago, it was an-
nounced at the offices of the agri-
cultural department of the company.
The show will be held in November.
vember.

The grand total of Canadian trade
for the twelve months ended August
was \$2,331,000,000, as compared
with \$2,314,000,000 for the year be-
fore. Import figures are up and
exports down; the former being \$1,-
066,000,000, as compared with \$967,-
300,000 the year before and exports
\$1,264,000,000, as against \$1,337,-
000,000.

A boom in muskrat farming is on
the horizon in Western Canada.
Following the acceptance by the Pro-
vincial Governments of the Prairie
Provinces of the Dominion Govern-
ment's offer to turn over swamp
lands to them for leases to residents
for purposes of muskrat farming
there has been a deluge of applica-
tions. Alberta has had 200 of them
and Saskatchewan over 500.

British Columbia is capable of pro-
ducing all the bulbs, rose bushes,
fruit trees, ornamental trees and
seeds that the Canadian people can
use, it is claimed by authorities here.
Millions of dollars each year go out
of Canada for nursery stock that
could be raised in British Columbia
and delivered to the buyers several
weeks earlier than it could be im-
ported from overseas.

Boys and girls resident in Mani-
toba, Saskatchewan and Alberta are
now engaged in a series of hog-judg-
ing contests in which the Canadian
Pacific Railway is offering a trophy
to the winning teams of each pro-
vince, in addition to which the six
winners will be taken to Toronto, to
the Royal Winter Fair (Nov. 16th to
24th), as guests of the railway.

"More settlers are coming from
the United States to make homes in
Canada than in any year since 1920,"
said J. R. Ryan recently in Winnipeg,
travelling colonization agent from
the St. Paul office of the Canadian
Pacific Railway. "Personally," he
said, "I have brought 70 families
this season and have every reason
to believe that the total will be well
over 100 before the end of the year.
All the settlers have money—some
very well supplied."

Prof. Robert Wallace, commis-
sioner of Manitoba mines, told the
Caledonian Society at its weekly
luncheon in Winnipeg recently, that
mining developments such as had
never been equalled in the history of
Manitoba were likely to feature the
next six months. Mining, he said,
had to be looked upon as a business
proposition. It so happened in this
country that mines are found in
places to which access was not easy
and no railroad could be expected
to lay tracks into the north country
until it knew prospects there.

Must Dispose of These.
